

C-IED SIGINT OPERATOR

PGI has current full time opportunities for cleared and experienced Counter-IED SIGINT Operators. The place of performance is Afghanistan.

Duties: Functions as an Afghanistan based 4-10 person intelligence analytical team of military and/or DoD civilian analysts in support of customer's analytical requirements. Primarily responsible for researching, developing, presenting and publishing SIGINT products at the tactical and operational level related to insurgent IED cell activities, and threats to local/regional stability as part of an overall C-IED analytical team. The SIGINT Operator conducts analysis of raw and fused signals intelligence data of insurgents who are directly linked to the acquisition, production, transportation, emplacement and employment of IEDs.

The SIGINT Operator provides input to multiple Government requirements and objectives, assists with the analysis and production of various intelligence products specifically focused on the C-IED mission set, and supplies analytical support for senior Military leaders. The SIGINT Operator is responsible for SIGINT analysis related to IED threats, Counter-IED mission planning, target development, damage assessment and counter-terrorism in general. The SIGINT Operator attends meetings and conducts comprehensive research on complex topics independently or as a part of a larger analytical effort focusing on IED-related current events and long-term trends that could impact the supported unit's mission.

Selection and Employment Criteria:

- Possess a TS/SCI with a CI Polygraph
- Trained in SIGINT analysis with a minimum of 4 years SIGINT experience within DoD or equivalent Government agency (operational experience preferred).
- Knowledgeable of Army/Joint SIGINT procedures, data processing systems such as CIDNE, RT-RG, NSANet and associated SIGINT databases/search engines.
- Proficient in utilizing basic computer applications, mIRC, Jabber Chat, other intelligence related automation in support of analytical efforts and product development, and MS Office Product Suite (Outlook, PowerPoint, Excel, and Word).

COMPENSATION AND BENEFITS:

- Employer funded medical, dental, vision
- 401k, Tuition reimbursement
- Very competitive compensation
